

I didn't feel attracted to her. I was basically saying her a round. Oh well Imao. I know its ~~mean~~ mean but I ~~can't~~ help it!

Dear Diary,

10/18/17 2:34pm

So. update on ~~the~~ my gay date with a ex . On the night of the date, Monday, she texted me saying "I just got home, text me when you do." I ignored the text because I'm  over her. So then the next morning she texts me saying:

Good morning ☹️ sorry
if I scared you away
last night.

then a few hours later, I decided not to ghost her because that's fucked up and explained that we didn't click but thanks for meeting up ~~anyway~~ anyway and to make her feel better about herself I said that "she seemed nice"... when she's not taking about being high and her ex Imao, then she texted back that she agreed. THEN. A FEW PUCKING HOURS LATER, I guess she was manifesting her ~~thought~~ thoughts, she said:

Also, I think you are a nice girl, and I know you don't date a lot or have experience but I should tell you that if I see med like you, I expected a lot more
