

from just one date and
two days of + a king.

and when I saw that, I was like HELL
NAH. I mean maybe I expected to
make out but all I wanted was a
good time. Not to be a therapist
and hear my ~~date's~~ ^{life story of}
her ~~entire~~ addiction ~~and~~ ^{and} her ~~mama~~
friends, abusive exs and her ~~mama~~
life story. So I replied:

no honestly you just kept
talking about your ex
and getting high so it
was a turn off for me
no offense.

I didn't expect a lot I
just wanted to have
a chill time but I felt
kind of uncomfortable
and our conversations
didn't flow.

and ~~later~~ I'd k whenever
I would try to talk
about something you
would always bring
up your ex or getting
high? like yeah I know
I don't have experience

but I'm pretty sure on a first
date or not suppose to talk
about your ex so that was
kinda weird for me.

Sorry, but you seemed nice
I just felt like we didn't
click + that's all.

on I'm sorry! I was ~~really~~
nervous and didn't
really know what to
talk about but I understand
why you feel that way

So then I felt sorta bad and
said this (just to make her feel
better I made):

→ no it's not okay thanks
for wasting
my time,
fool.

no it's okay! I understand.
But thanks for showing
me the cool bookstore!

Wow & this fool really said the whole,
"but I should tell you" like I was the
one who made the date weird ~~on~~ ^{unlike}
OKAY I MADE. Well I should tell you (her)
to STFU about ~~our~~ your ex and getting
high & fool!! she didn't respond after
this whole experience was made
unhappy ~~and~~ I'm glad I went.
Also! I met up ^{stocky}
and it was fun! (okay)
