dear Diary,
I am doing surprisingly well. ~~And~~ ~~that~~
I only have two pages left which
is kinda like bitter-sweetness
but I'm glad I'm ~~reaching~~ ending
the diary on a good note. I'm proud
of myself. I went through really hard
times but I have overcome it.

NOT FREAK OUT!

I will stay collected while getting back on track. I'm proud of myself. I am okay and I am worthy. This week for my club, I'll be leading a discussion on injustices to female pornstars face, which I'm excited by. Scared to do because I'm a little out of my element. I'm doing lots of it up and down. I hope I do well! I also have a class fellowship meeting on Thursday so I get to go to a meeting.

My relationship with my
friends and parents got
so so so much better.
Like my mom and my
dad and I always
laugh even though
kinda bugs me sometimes.
and have really good
times. I love
and love each other
not client. I don't know
why I thought so in
first place.

the first place.
I think it's because of
my paranoia and me
constantly telling myself
that I'm not worthy, made
me so late ~~and~~ from everyone
but now that I'm better, my
relationships have been great.
So much of myself. I am grinding
proud to keep inspiring
I need that. Every day
myself I'm saying stay
weird, this feeling of me
staying inside long time or
for a long

I feel like moments Cldr how else
