

MARIGOLD SEEDS COLLECTIVE

ABOUT US:

The Marigold Seeds Collective (formerly known as the South Asian Queer + Trans Collective) is a grassroots organization based in New York City. MSC firmly believes that LGBTQ+ friendships are revolutionary and the key to liberation!

In the world of cisheteronormativity and bigotry that our communities face, we want to reclaim our space and emphasize queer joy, wholesomeness, and connections! We aim to curate nurturing spaces for LGBTQ+ South Asians and Indo-Caribbeans through community building, arts, and culture. MSC serves to promote awareness, empower, and uplift voices of all sexual and gender identities.
